Dyfed District Seminar

The first District Rose Croix Seminar will be held at 4pm on 9th September 2015 at Landsker Chapter 944 (Narberth Masonic Hall) before the Regular Meeting commences at 6.30pm.

The intention of the seminar is for members from across the District to share experiences, difficulties and challenges in a relatively informal and relaxed manner. It is hoped that it will provide an ideal opportunity to discuss issues of common interest across the District and its success will materially depend on the attendance and active participation of members.

The Inspector General is particularly keen for all Chapters to be represented not only by the invitees but also by anyone who has sufficient interest in improving our Order by sharing good practice. He therefore looks forward to meeting as many of you as possible at the Seminar and for those who wish, at the Landsker Chapter Regular Meeting which takes place immediately afterwards. Those wishing to dine need to make arrangements with Landsker Chapter

An event such as this has never been undertaken before hence it would be appreciated if prior notice is given of individual attendance. To ensure that the light refreshments are sufficient, please inform the District Recorder if you intend to be present.

The Inspector General wishes to express that this Seminar is open to all that may be interested in our Order and its future success and is particularly keen that it is a useful meeting and enjoyed by all who attend and participate.

Yours sincerely and fraternally,

District Recorder - District of Dyfed
